Question Pattern and Mode of answering

In every subject, all questions will be **Multiple Choice Questions** (MCQ-type, with four options against each of the questions) and the **answer(s) to each of the questions shall be marked on the OMR**.

Questions will be of three categories, divided as per following table.

Subject	Category 1	Category 2	Category 3	Total Marks
Mathematics	60 X 1 mark each	15 X 2 marks each	05 X 2 marks each	100
Physics	45 X 1 mark each	10 X 2 marks each	05 X 2 marks each	75
Chemistry	45 X 1 mark each	10 X 2 marks each	05 X 2 marks each	75

While answering MCQ, *the following have to be strictly kept in mind*:

Category 1:

(a). **Only one option is correct, correct response will yield one mark.**

(b). **For each incorrect response, 33.33% of mark (1/3) would be deducted and**

(c). **For more than one answer indicated against a particular question in the OMR sheet; the said answer will be treated as incorrect response/answer. Marks will be deducted on the basis of rule enumerated in Clause (b) above.**

Category 2:

(a). **Only one option is correct, correct response will yield two marks.**

(b). **For each incorrect response, 33.33% of mark (2/3) would be deducted and**

(c). **For more than one answer indicated against a particular question in the OMR sheet; the said answer will be treated as incorrect response/answer. Marks will be deducted on the basis of rule enumerated in Clause (b) above.**

Category 3:

(a). **More than one option may be correct and marking of only all correct options will yield two marks.**

(b). **For any incorrect response, 33.33% of mark (2/3) would be deducted and**

(c). **For partial correct response without any incorrect marking:**

Marks awarded = 2 X (no of correct responses) / (total no of correct options)

All questions will have to be answered on specially designed machine readable answer sheets (**OMR** Answer Sheet). **ANSWERS ARE TO BE MARKED (BUBBLED) USING BLUE/BLACK BALL POINT PEN ONLY ON THE 'OMR ANSWER SHEET.'**

N.B. It is to be noted carefully that the candidates must fill in as well as bubble in **ALL** the relevant information including the "**Question Booklet No**" at the indicated places on *both* **OMR Answer Sheet** and **Attendance Sheet** during examination.

Ranking methodology & Rules of Tie Breaking

For WBJEE-2013, the merit list for successful candidates will be prepared by listing them in the descending order of the total marks scored by them. However, there may be ties and such ties will be broken by sequentially applying the following set of rules:

1. Less negative marks in Mathematics, Physics and Chemistry taken together
2. More positive marks in Mathematics and Physics taken together
3. More positive marks in Mathematics and Chemistry taken together
4. Less negative marks in Mathematics and Physics taken together

5. Less negative marks in Mathematics and Chemistry taken together
6. More positive marks in Mathematics for only the 2 marks questions
7. More positive marks in Physics for only the 2 marks questions
8. More positive marks in Chemistry for only the 2 marks questions
9. Less negative marks in Mathematics for only the 2 marks questions
10. Less negative marks in Physics for only the 2 marks questions
11. Less negative marks in Chemistry for only the 2 marks questions

If after applying the 11 rules stated above there are still ties, same will be broken by the date of birth (DOB) of the concerned candidates; the older candidate will be given preference over the younger one.
